

ALL CHRISTIANS' FELLOWSHIP INTERNATIONAL

IMPLEMENT, MONITOR AND EVALUATE

Nehemiah 4:1-23.

1. Be decisive in implementing, lead by command, instruction by example.
2. Monitor the situation closely.
3. Listen to feedback and watch out for potential troublemakers. You must not delay in dealing with difficult people or situations; always look out for better alternatives and solutions.
4. Keep scheduling in all things.
5. Encourage and appreciate sincere effort. Inspire rather than enforce.
6. Evaluate after every task. Be flexible according to the situation, but always keep the vision in focus.
7. Review the situation. Check whether you are still on the original plan, which is the vision of the Ministry - How far have you succeeded? What were the reasons for either success or failure so far?

1. Evaluate the strength and weakness of both yourself and your group members.
2. Create a climate of trust and respect. Share the credit for good work.
3. What were the lessons learnt from this task? How can you improve?
4. Encourage potential leaders from among your members who can take up the mantle of responsibility when you are not there.

After you have all these done, you are the type of a manager God can entrust more souls to take care for Him.

AS EXPECTED OF YOU 1 TIMOTHY 3:1-13

Please read the above scripture and note that it does not apply only to the deacons. It is applicable to all Christians and particularly those that has responsibilities or those that oversees various activities in the house of God.
